

PSSN CONFERENCE 2022

Nordic nursing - Improving mental health

Dear colleagues in the Nordic countries and all over the world.

PSSN (Psykiatriske sykeplejerskers samarbeide i Norden) invite you to the 13th Nordic conference, focusing on mental health in a broad perspective. The conference is arranged in appreciation of our Nordic cooperation, based on our common Nordic roots of healthcare. These roots include common values and ways to meet human beings in vulnerable situations, e.g. during mental health issues.

We will provide you with an ambitious program covering the latest developments in mental health care. We invite you to come and join in with people from all the Nordic countries as well as with colleagues and friends from all over the world, who of course are warmly welcomed as well. We want to meet as many people as possible, who share the interest of exploring, expanding and building upon the spectrum of what is known about mental health, mental illness and mental health nursing, as well as other interventions and related research.

The intention of this conference is to evolve stimulating dialogue and generate conversations across borders on all aspects of mental health.

We cordially invite you to join us at this important conference and to become part of an emerging, holistic field of practice. We hope you will take the opportunity to explore one of the most exciting and wonderful places in the world.

We invite you to submit an abstract on your research or practice, to share your knowledge on important issues in mental health care and in mental health nursing.

Hopefully you will take the chance to explore one of the most exciting and wonderful places in the world.

Stay in touch with us through the
Conference website at Facebook

HELP US IMPROVE!

AND SHARE YOUR WORK

The Scientific Committee of the PSSN conference invite you to submit an abstract on your research or practice, to share your knowledge with colleagues around the Nordic and other countries around the world about important evolving issues in mental health nursing. Papers, posters and workshops are welcomed.

THEMES

Abstracts are being invited under the main theme of 'Improving mental health'. These may be associated with one of the following sub-themes.

Education, innovation, and technology

Person and family Centered Care

Peer Support, recovery-based practice and harm reduction

Mental health and somatic health in a holistic approach

Identity of mental health nurses - advanced mental health nursing

WHAT CAN YOU SUBMIT?

Abstracts may be in the form of a:

Oral presentation / Concurrent sessions – 15- 20 minutes in length

Workshop – 1 hour in length

Poster – on the festival theme, topical developments, research and/or issues of wider interest.

IF YOU MAKE A SUBMISSION:

You will be expected to register for the Conference.

The PSSN Conference will be held in both English and Nordic languages. Therefore, we are encouraging you to use this opportunity and send in your abstract. Please inform us, if your presentation will be in English, Nordic or in both languages. If you would like to present in both languages, be aware you will have two presentations.
